BJ,

Here is another check towards this year's scholarship in the name of the old lesbian-feminists of ALFA.

I was looking at the Zami website to get the street address to mail this to when I took a look at the 2007 Scholarship Sponsor list and now realize that ALFA isn't mentioned for last year's scholarship in her name…but Fourth Tuesday is. Can we not name the scholarship in ALFA's name because it's defunct? I'd like to be able to show the women who contribute this year (and those who did last year) that their contribution is being recognized.

Who should I talk with about this?

Thanks for all your work – I'm not trying to be critical of Zami at all, but do want ALFA's name remembered through the contributions of her former members. ☺

Peace,
Lorraine
